

Fantastic Fantasy

George's Secret Key to the Universe by
Lucy & Stephen Hawking
George and Annie discover Cosmos, a
supercomputer that will take them anywhere
in the universe.

Night Tourist by Katherine Marsh
For Percy Jackson fans, a reworking of the
myth of Orpheus and Eurydice that takes
place in the underworld of New York City.

Starcross by Philip Reeve
This sequel to *Larklight* finds Art and Myrtle
again saving the British Empire — and the
universe.

The Alchemyst by Michael Scott
Sophie and Josh must recover the Codex, a
book containing the secret to eternal life.

Alcatraz vs. the Evil Librarians by
Brandon Sanderson
Alcatraz must save the world from a cult of
evil librarians, armed only with his talent for
breaking things.
